AWANA RECORDS. ANYWHERE. ANYTIME

The AWdb Cloud Solution allows secretaries to share the workload by enabling leaders to use smart phones, tablets, Mac, or Windows computers to record attendance, mark completed sections, and more.

1 Database + 2 Apps = More Features!

Our solution includes two apps:

- A Web app that runs in a browser
- A Windows app that runs on any Windows computer

Both apps connect to the same cloud database

NO INTERNET? NO PROBLEM.

Our legacy Windows Desktop edition allows multiple users to operate in a non-networked environment using the Club Check-out/Check-in features and one or more USB flash drives.
